

P2P Payments

Peer-to-Peer Payment Services

- Electronic payments between individuals
- Information & activity is encrypted similar to how banks operate
- Link a bank account, credit, debit card
- Keep a balance or transfer money to your bank account
- Convenient & secure

PayPal & Venmo

- PayPal is the first P2P payment system
- PayPal owns Venmo
- Make purchases online, send & receive money between friends & family
- No charge for sending money when using your balance or a bank account is linked
- Social component unique to Venmo
- Venmo is exclusive to U.S.; PayPal is also international

Cash App

- Digital payments network; owned by Square
- Send & receive money for free when funded by balance or bank account
- Use app to pay for purchases or request a Cash card
- Receive direct deposits
- Pay bills with Cash App
