Internet of Things

Consumer Devices

- Fitness trackers
- Lightbulbs
- Routers
- Virtual assistants: Amazon Echo (Alexa), Google Nest
- Thermostats

Smart Homes

- Lighting
- Security
- Doors

Smart Cities

- Traffic management
- Infrastructure
- Parking apps

Best Practices

- Customize passwords for each device connected to your network
- Disable remote management access if you don't use it
- Check for firmware updates
- Go with well-known brands when purchasing devices
