

Intro to Nextdoor

nextdoor

What is Nextdoor?

- A free app that connects people in nearby neighborhoods with each other as well as with local businesses and public services
- Strives to help neighbors develop trust and real-world connections
- Exists in 11 countries with over 100 million users
- Common uses include sharing news and events, looking for recommendations, asking for help, finding lost pets, and more!

Features

- Home page shows a newsfeed with posts from neighbors (and ads)
- Search for local groups, events, and businesses
- Create a post to ask a question or share information
- Like, react, comment, and share
- Send direct messages to other users
- Buy and sell items, or give away/find free items
- Get notifications about activity on the app

Privacy Settings

- Adjust the settings to control who sees what
- Limit the app's ability to track your activity on other apps/websites

Best Practices & Safety

- Be kind and respectful
- Be aware of common scams
- Follow the [Community Guidelines](#)
- Never give out personal information such as bank account information or your social security number
