

# Emojis, GIFs, and More!

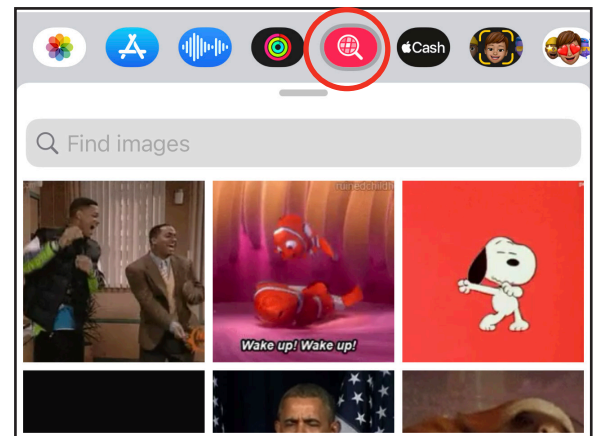

## Emoji, Memoji, and Bitmoji

- Emojis help express emotions and nuance in digital communications.
- Built into your touchscreen keyboard on your phone or tablet.
- Memoji (iPhone only) create your avatar.
- Bitmoji (iPhone and Android) create your avatar and stickers.
- Download the Bitmoji app.

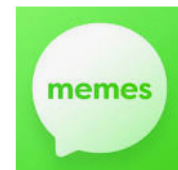

## GIFs

- Animated images, usually from movies, cartoons, or TV shows.
- Used as reactions in messages, email, and on social media.
- Searchable by keyword.
- Built into most smartphone keyboards.
- Create your own GIFs with [Giphy.com](https://www.giphy.com).

## Memes

- Static images with a joke or line that relates to the image.
- Send in texts, emails, and on social media.
- Searchable by keyword.
- Download Memes Keyboard app to search and send memes from your smartphone keyboard.
