

Streaming and Smart TVs

What is Cord-Cutting?

- Canceling expensive cable services in favor of streaming movies and shows over the Internet

Free and Subscription-Based Streaming

- Stream TV and movies for free with [Freevee](#), [Tubi](#), and [Pluto TV](#)
- Watch clips and limited episodes on [nbc.com](#), [pbs.org](#), etc for free
- [youtube.com](#) is great for watching classic movies and concerts for free
- Amazon Prime, Hulu, and Netflix stream movies and TV shows at a lower cost than cable
- Apps allow you to watch on all your devices

Live TV without Cable

- An HD Antenna gives access to over-the-air networks like NBC, PBS, Univision
- Sling TV, Hulu with Live TV, and DirecTV Stream, stream cable TV channels in real time

Smart TVs and Streaming Devices

- A smart TV has Internet capability and built-in streaming apps
- Streaming devices plug into a regular TV
- Popular devices include Google Chromecast, Roku, Amazon Fire, and Apple TV
