

Yousician

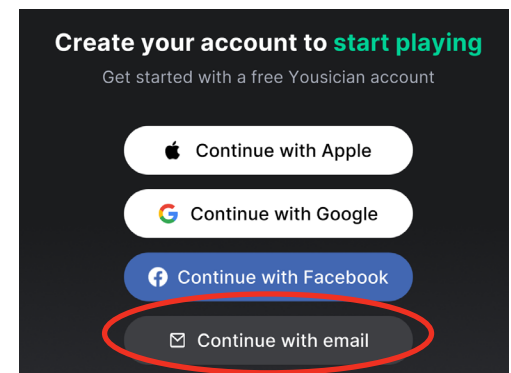

Yousician Basics

- A series of apps that helps you learn to play several instruments and sing.
- Compatible with Apple and Android smartphones and tablets.
- Your device's microphone gives the app feedback on how you're playing.
- You must sign up for a free account.
- The free version offers limited practice time and songs.
- Paid subscriptions offer unlimited lessons and are available for individual instruments or as a bundle.

Getting Started with Yousician

- Download the relevant app(s) from the App Store or Google Play Store.
- After creating an account, you can sign in with the same username and password for all the apps.
- Yousician app teaches guitar, bass, and singing.
- Yousician Piano provides an onscreen keyboard to start out.
- Yousician Ukulele offers a free tuner like the one for guitar and bass.
- Earn badges and complete challenges as you practice and learn!

Features:

- Watch video tutorials to learn the parts of the instrument and correct hold, positioning, etc.

Example Yousician guitar video lesson

- Allow microphone access.

"Yousician" Would Like to Access the Microphone

We use your device's microphone to hear your instrument or voice to give guidance while you play or sing.

Don't Allow

Allow

- Follow onscreen instructions to start practicing.
