

# Reddit at a Glance

## What is Reddit?

- A free social media platform of online communities called subreddits containing user-submitted content like images, links, stories, and more
- Browse Reddit without an account; create an account to post or comment
- Use on computer browser or mobile app for Android and iOS devices

## Interactions and Subreddits

- Upvote to like posts; downvote to dislike them
- Join subreddits to:
  - Crowdfund answers to questions
  - Connect with others over common interests
  - Showcase your creations and get feedback
  - Stay up-to-date on the latest news, trends, and memes

## Best Practices

### Interactions

- Follow subreddit rules for posting and commenting
- Provide context if asking advice or troubleshooting questions
- Be kind to others and block annoying users (trolls) as needed

### Safety

- Your username provides anonymity; anonymity is not privacy
- Don't share personal information
- Don't believe everything you read

## Helpful Subreddits

- r/NewtoReddit
- r/findareddit
