A LIVE, VIRTUAL TOUR TO
WASHINGTON, D.C.

The National Mall

The National Mall has no shopping, but it is home to iconic monuments like the Korean War Memorial, the Vietnam Memorial Wall, the Lincoln Memorial and the Washington Monument. The U.S. Capitol sits at its eastern end, and the White House is to the north. Our guide will give you perspective as she points out where all of these monuments are.

Washington, D.C.

THE CITY

Washington D.C., the capital of the United States. It also serves as the hub of the country and the political epicenter. It is home to the President (The White House), to the judicial system (the Supreme Court) and home to one of two eternal resting places maintained by the US Army (Arlington National Cemetery). Visitors to this city will also find museums, universities and many monuments.

THE TOUR

Our one hour Live, interactive, virtual tour will begin at the Vietnam War Memorial, where our guide will show us how the wall is coded and share a story or two. From there we will stroll south to the Korean War Memorial, and experience its highlights. Finally we will head to the Lincoln Memorial, and enjoy a wonderful vantage point of the Reflecting Pool. This is a tour that no American should miss!
